Withholding Nothing in Charm, These Cossack Blouses Command Instant Admiration.

SUCH Blouses as these are certain to be the magnetic point, the cynosure of admiring eyes wherever seen. They bespeak their exclusiveness, their perfect origin, their utter desirability with restrained but absolute assurance.

They are Cossack types, many lavishly with rich embroidery, fashioned of black satin of wonderful quality, with short sleeves of romantic Spanish lace and encircled with silk cord girdles. When worn with a satin skirt, a costume effect is the result. Also shown in navy charmeuse embroidered with Brazilian silk.
